MANAGING DIRECTOR'S STATEMENT

"I can honestly say that the team we have in place today is the strongest we've ever had, and that is something I'm very proud of. We will continue to grow and make Al Hoson Group a top ranking company to work in the M.E.P contracting industry. I have no doubts that this is just the beginning, and I look forward to the future with great excitement."

We have invested time and efforts in training the staff at every level of the company to ensure that our team is the best in the industry. The priority of our achievements was, and always will be, meeting the needs of our clients. A delicately planned program by experienced industry leaders backed up by a dedicated and skilled work force assists us to establish and escalate our performance, customers' satisfaction being the end product of all the hours of hard work put in.

We've come a long way since 1996. Back then, our team members were few, whereas now we are a big team of professionals. We will continue to grow and offer our clients an even stronger experience in the years to come."

Fayjad Al Beik

INTRODUCTION

INTRODUCTION

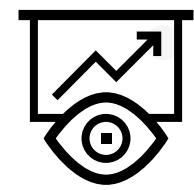

Al Hoson Group (AHG) is an innovative M.E.P. contracting company with over 27 years of experience, offering superior services to the UAE market in various sectors. With over **250** employees, we provide expertise in Electricals, HVAC, Ventilation, Plumbing, Fire Protection, Smart Solutions, and Security Systems, and produce 10,000 square feet of ducts per day. Our trustworthy reputation has led us to new markets, as a result, we have expanded our reach and are now successfully handling projects in the GCC markets.

OUR STORY

From a small MEP services company in 1996, **Al Hoson Group (AHG)** has come a long way with hard work and dedication. By 2009, we expanded to cover all M.E.P works and in 2012, we became known among the top leading contractors in the **UAE**.

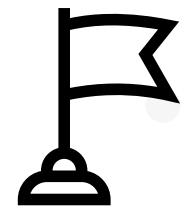

In 2013, we established our own Ducting Manufacturing factory with high-tech machines. Today, AHG has hundreds of employees and continues to grow.

VISION

Our vision is to elevate the standards of the M.E.P field to unparalleled heights, by meticulously catering to every detail provided by our clients.

MISSION

Our mission is to deliver intelligent, cutting-edge solutions to our clients while prioritizing the highest levels of service quality, timely delivery, and cost-effectiveness. We remain committed to leveraging the latest technology to promote environmental sustainability and support the adoption of green practices.

VALUES

Innovation: As an innovative company, we constantly seek new and better ways to deliver our services. We invest in the latest technology and techniques to ensure that we remain at the forefront of the industry.

Reliability: AHG's trustworthy reputation in the UAE market has led to their expansion into new markets. With over 250 employees and the ability to produce 10,000 square feet of ducts per day, clients can rely on them to deliver quality work on time and within budget.

COMPANY CULTURE

Customer-centric: We place a strong emphasis on putting customers first and going above and beyond to meet their needs and exceed their expectations.

Accountability: We encourage employees to take ownership of their work and responsibilities, and hold themselves accountable for delivering results and meeting objectives.

Agility: We foster a culture that is adaptable and able to respond quickly to changing market and client needs.

WHAT WE DO

We excel in exceeding client expectations by hiring top talent and adapting to decentralized staffing. Our commitment to complying with UAE Government regulations ensures the best quality workmanship while meeting client requirements.

With our own custom manufacturer, we bring precision and quality to every project.

WHAT MAKES US DIFFERENT

At Al Hoson Group, we adhere to UAE authorities' regulations to ensure that all projects are legally compliant.

Our commitment to providing excellent service means that we're always available to address any issues that may arise.

With cutting-edge technology and a keen focus on detail, we finish each project on time and treat every task as an independent operation.

Our custom manufacturer enables us to bring any project to life from start to finish.

ACHIEVEMENTS

At AHG Contractors, our portfolio boasts several high-profile projects, including a state-of-the-art hospital, a commercial office building, retail spaces, and large-scale residential buildings.

Our team collaborated closely with project architects and construction managers to ensure that all systems were designed and installed under the strictest regulatory and safety standards. We take pride in our commitment to delivering exceptional results and providing our clients with the best possible service.
